**KEY FEATURES**

- ✓ Triple Stack Solid construction with a pre-sanded 4mm real sawn hardwood wear layer, SPF finger core (Spruce/Pine/Fir) and backer
- ✓ 3/4" thick
- ✓ Most stable product in the industry
- ✓ Made in North America
- ✓ Environmentally responsible by using SPF core (grows faster than hardwood to maintain sustainable development)
- ✓ Prefilled character marks
- ✓ Pre-sanded 4 mm wear layer = time saving
- ✓ When stapling down, no glue assist required
- ✓ When gluing down, use same trowel size as used for 1/2" thick - No extra glue required
